# NORWEGIAN CONTINENTAL SHELF

## NCS DISCOVERY CATALOG 2006

Seismic, Well Data and Key Facts:  
Resource Category 5-7 Oil and Gas  
Discoveries on the Norwegian Continental Shelf

## NCS DISCOVERY CATALOG

Volcanic Basin Petroleum Research (VBPR), Aceca and TGS-NOPEC Geophysical Company (TGS), are proud to announce the **NCS Discovery Catalog** - a complete guide to Resource Category 5-7 oil and gas discoveries on the Norwegian Continental Shelf.

For each discovery we present:

- key information and maps
- regional seismic lines
- interpreted reservoir seismic section
- synthetic seismogram
- reserves
- well-data summary sheet

Audience: Oil and gas companies working on the Norwegian Continental Shelf.

## Table of Contents

We present 113 discoveries in five volumes based on the three main areas from south to north:

### Volume 1-3 | North Sea (69)

Overview Maps  
Page Guide/Legends  
Discoveries

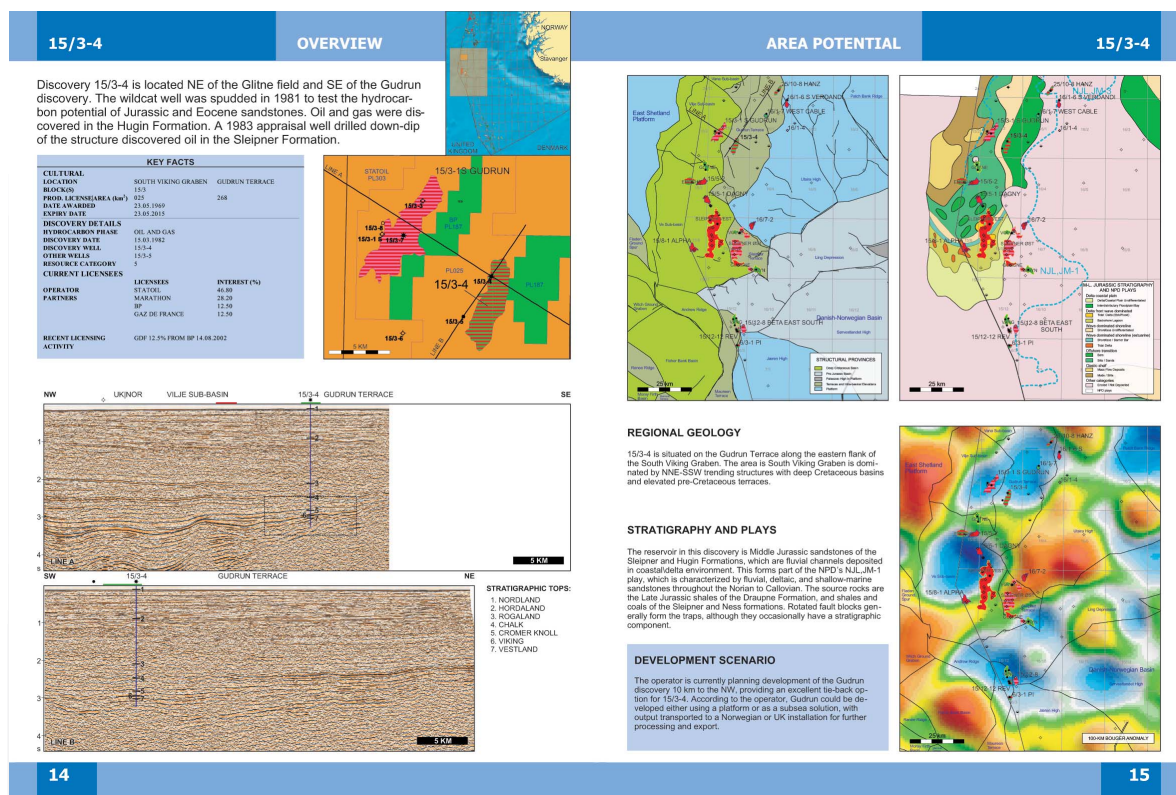

### Volume 4 | Norwegian Sea (31)

Overview Maps  
Page Guide/Legends  
Discoveries

### Volume 5 | Barents Sea (13)

Overview Maps  
Page Guide/Legends  
Discoveries

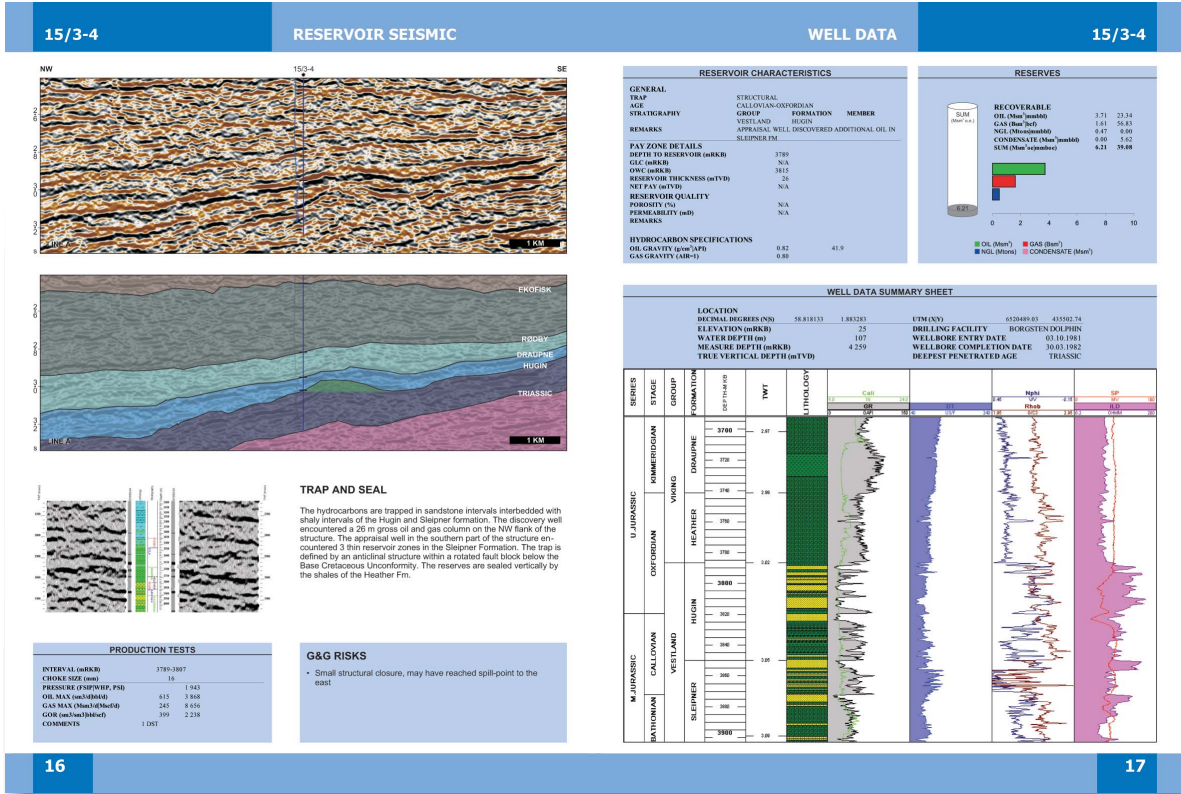

## REGIONAL OVERVIEW

KEY FACTS | LICENSE MAP  
REGIONAL SEISMIC LINES

STRUCTURAL ELEMENTS | FACIES DISTRIBUTION  
BASIN CONFIGURATION

# RESERVOIR DETAIL | WELL DATA

RESERVOIR ZOOM SEISMIC  
PRODUCTION TESTS | SYNTHETIC SEISMOGRAM

RESERVOIR CHARACTERISTICS | RESERVES  
WELL DATA SUMMARY SHEET

## Deliverables

- Printed report in A3 format
- PDF

## Data

- Key information
- Regional seismic data
- Regional maps
- Synthetic seismogram
- Well data
